

## STERIS SYSTEM 1® EXPRESS / PLUS STERILE PROCESSING SYSTEMS "TRAIN THE TRAINER" WORKSHOP

### DEVICE TECHNOLOGIES MISSION STATEMENT:

To deliver superior health outcomes by providing patient access to the best medical systems available worldwide

### INTRODUCTION:

Device Technologies is pleased to introduce the new 1 day "Train the Trainer" Workshop developed to provide hospital staff with a strong foundation in critical training skills for the STERIS SYSTEM 1® EXPRESS/PLUS, to enable delivery of education to their facility's users of this equipment.

This programme is conducted by our experienced Clinical Educators who are Registered Nurses with backgrounds in Perioperative, Sterilizing or Endoscopy nursing.

### PROGRAMME OUTCOMES:

1. Describe the concepts of Peracetic Acid sterilization.
2. Apply the principles of sterilization using this system.
3. Describe the appropriate use of monitoring the sterilization process.
4. Address sterilization requirements during the process.
5. Describe the safety precautions and safe guards that must be followed when using the equipment.
6. Describe the critical parameters of the sterilization process.
7. Understand how to operate the equipment and its associated accessories.
8. Learn how to deliver training to their staff using the STERIS In-Service Checklist.
9. Learn the hands-on practical applications for a sterile, diagnostic and cancelled cycles.
10. Perform routine maintenance and troubleshoot the system.

### INTENDED AUDIENCE:

Nurses and Technicians currently involved with the STERIS SYSTEM 1® EXPRESS/PLUS.

### PROGRAMME INFORMATION:

Cost: \$120.00 incl.GST  
(morning tea, lunch, afternoon tea provided).  
Venue: Device Technologies Office Training Room  
Unit 14 / 56 Lavarack Avenue, Eagle Farm QLD 4009.

2015 BRISBANE DATES - "TRAIN THE TRAINER" SS1 WORKSHOP

APRIL 30TH    OCTOBER 29TH

## STERIS SYSTEM 1® EXPRESS / PLUS STERILE PROCESSING SYSTEMS "TRAIN THE TRAINER" WORKSHOP

### AGENDA
